DETAILED ACTION

Claim Rejections - 35 USC § 112

1. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

2. Claims 1-9 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Specifically, it is not clear what is the claimed structure. "on one side" and "on the other side" have no antecedent basis. The claimed sides have not been determined because there is no claim to the size, thickness and structure of a plate.

Claims, 10-18 and 20 have been allowed in view of the prior art of record and Terminal Disclaimer submitted by applicants in their last response.
